DEFINITIONS

Eligible Expenses means the usual, reasonable and customary charges for services or supplies which are incurred by the plan participant for the medically necessary treatment of an injury. Eligible expenses must be incurred while this coverage is in force.

Plan Participant means a person and dependent eligible for coverage as identified in the enrollment/application who is a non-United States citizen traveling outside of their home country and has his or her true fixed or permanent home and principal establishment outside of the United States and holds a current and valid passport for whom proper premium payment has been made when due, and who is therefore a plan participant under the policy.

Dependent means a plan participant’s:

- 1) Lawful spouse, if not legally separated or divorced, or domestic partner or civil union partner.
- 2) Unmarried children under age 26.

The age limitations will not apply to a plan participant’s unmarried child who is dependent on the plan participant or other care providers for lifetime care and supervision, and incapable of self-sustaining employment by reason of mental or physical handicap that occurred before age 26. Proof of such dependence and incapacity must be furnished to the company immediately upon enrollment or within 31 days of the child reaching the age limitation. Thereafter proof will be required whenever reasonably necessary, but not more often than once a year after the 2-year period following the age limitation.

Spouse means lawful spouse, if not legally separated or divorced or domestic partner or civil partner.

Child means the plan participant’s natural child, adopted child (or child placed in the plan participant’s home for purposes of adoption), foster child, stepchild, or other child for whom the plan participant has legal guardianship (proof will be required). A child must reside with the plan participant in a parent-child relationship. NOTE: In the event the plan

participant shares physical custody of the child with another parent, the requirement that the child reside with the plan participant will be waived.

Injury means bodily harm which results, directly and independently of disease or bodily infirmity, from an accident after the effective date of a plan participant's coverage under the plan document, while this coverage is in force as to the person whose Injury is the basis of the claim. All injuries to the same plan participant sustained in one accident, including all related conditions and recurring symptoms of the Injuries will be considered one Injury.

Physician means a person who is a qualified practitioner of medicine. As such, he or she must be acting within the scope of his/her license under the laws in the state in which he or she practices and providing only those medical services which are within the scope of his/her license or certificate. It does not include a plan participant, a plan participant's spouse, son, daughter, father, mother, brother or sister or other relative.

Annual Maximum means the maximum payable limit per term of coverage, which is the lesser 3 months up to a maximum of 365 days.

Lifetime Medical Maximum means the maximum payable limit for all consecutive terms of coverage.

Pre-Existing Condition means an Injury or sickness, disease, or other condition during the 365 day period immediately prior to the date the plan participant's coverage is effective for which the plan participant: 1) a. received or received a recommendation for a test, examination, or medical treatment for a condition which first manifested itself, worsened or became acute or b. had symptoms which would have prompted a reasonable person to seek diagnosis, care or treatment; or 2) took or received a prescription for drugs or medicine. Item (2) of this definition does not apply to a condition which is treated or controlled solely through the taking of prescription drugs or medicine and remains treated or controlled without any adjustment or change in the required prescription throughout the 365 day period before coverage is effective under the plan participant's plan.

Sickness means sickness or disease contracted and causing loss commencing while the coverage is in force as to the plan participant whose sickness is the basis of claim. Any complication or any condition arising out of a sickness for which the plan participant is being treated or has received treatment will be considered as part of the original Sickness.

Usual, Reasonable and Customary means the most common charge for similar professional services, drugs, procedures, devices, supplies or treatment within the area in which the charge is incurred, so long as those charges are reasonable. The most common charge means the lesser of:

- The actual amount charged by the provider;
- The negotiated rate; or
- The charge which would have been made by the medical service provider for a comparable service or supply made by other providers in the same Geographic Area, as reasonable determined by us for the same service or supply.

Geographic Area means the three digit zip code in which the service, treatment, procedure, drugs or supplies are provided; a greater area if necessary to obtain a representative cross section of charge for a like treatment, service, procedure, device drug or supply.

Preferred Allowance means the amount a network provider will accept as payment in full for eligible expenses.

Benefit Period means the period of time from the date of the accident causing the Injury for which benefits are payable, as shown in the schedule of benefits, and the date after which no further benefits will be paid.

Tax penalties may be imposed on U.S. residents or citizens who do not maintain minimum essential coverage, and on certain employers who do not offer PPACA compliant insurance coverage to their employees. In some cases, certain individuals may be deemed to have minimum essential coverage under PPACA even if their insurance coverage does not provide all of the benefits required by PPACA.
